DEKRA Services Inc.

# DEKRA i2i –
Remote Audit and Inspection

Background

2-Way Video Interaction – for a comprehensive view
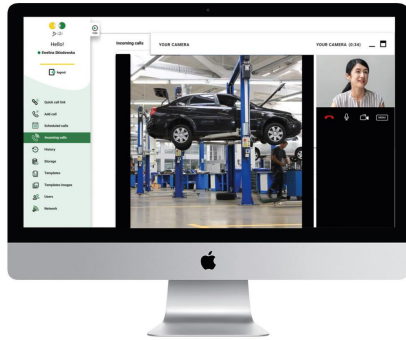

- **Dealer, Body Shop or other Facility Audits and Assessments**

- **Claims Adjusting and Damage Appraisals**

- **Condition Reports**

How Does It Work?

DEKRA

1. DEKRA prepares the session and sends out a customized branded message to the contact via text or email.

2. Contact receives message with a link and with a few clicks connects with DEKRA representative to start the session. There is no app to download.

3. DEKRA representative provides an overview about the purpose and walks contact through the process of gathering video footage and photos.

4. All videos, photos and audio files are saved securely. They are available in the call history and can be send to chosen partners, client or stored for future use.

Benefits

DEKRA
